RE: Verification from County Sanitarian

Dear Michelle,

Please consider this letter your verification for the Conditional Use Permit that the construction will comply with the applicable regulations for septic systems.

The technology today allows a septic system to be placed onsite no matter the soil conditions and space limitations. I am confident that the onsite septic systems can be adequately addressed at the time of construction under the permit procedures and I have no objection to the issuance of the Conditional Use Permit under these circumstances.

Sincerely,

A handwritten signature in blue ink, appearing to read "Michael J. Salati, Sr.", is written over a horizontal line.

Michael J. Salati, Sr.
County Sanitarian
